- Have the highest average overall in their category (the top three scores will be used to determine HOA).
- Not have received the award previously in their current category.

ABOUT

The 2023 Minnesota Chain Shoot is a chain of four youth-only, ATA registered target shoots and awards prizes in all four youth categories: Junior Gold, Junior, Sub-Jr and Pre-Sub. MySA also runs the mySA Championship Invitational and Fundraiser Shoot, and partners with the Minnesota Trapshooting Association on the MTA Youth Shoot and Del-Tone Shooting Park

Classes within each category are determined using a computerized Lewis-class program which means **everyone has a chance to win**, not just the top shooters.

All scores are posted at www.minnesotashotgun.org within 24 hours, and prizes will be available at the shoot. Trophies not taken will be available at subsequent mySA shoots. All trophies must be picked up by the Championship Event on August 13, 2023.
